3VB presents: The DIFC Financial Markets Tribunal: recent DFSA cases, practice and procedure

The Financial Markets Tribunal of the Dubai International Financial Centre is increasingly busy. In the last six months, it has handed down judgments in *Al Masah Capital*, *Sheikh and Bhandari*, all arising out of regulatory action taken by the Dubai Financial Services Authority, and all cases in which 3VB acted for the DFSA or the subject of the regulatory action.

The President of the FMT, His Honour David Mackie CBE QC will chair an online seminar, joined by:

- Saima Hanif QC, Farhaz Khan and Adam Temple of 3VB
- James Lake of the DFSA
- Matthew Shanahan of Clyde & Co LLP

Topics to be discussed will include the DFSA's approach to contentious matters; procedure before the FMT; publication of DFSA Decision Notices during FMT references; integrity breaches; and knowing concern.
